PUBLIC SCHOOLS REPORT.

The annual report of the Superintendent of Education was issued yesterday. It is a tart, somewhat spiteful and decidedly egotistical effort. He complains that his efforts to "improve the previously existing state of things" have met with "strenuous and determined opposition from some quarter or other, and not less from teachers than from others." He deals heavy slaps at his predecessor, referring to the "freedom and latitude" allowed "under the former regime," under which he, too, was a teacher; accuses the teachers of opening and closing the schools when they pleased; says that annual reports were full of inaccuracies; that teachers still manifest great reluctance to make corrections, and that he "cannot forbear from saying that the utmost carelessness and indifference exist among teachers as to whether the statistical and other information they supply is at all accurate, and if their zeal educationally is to be gauged by the amount of it they display in their communications with the education office, the Province has need to demand of its servants a thorough reformation in both." After reading this phillipic one looks in vain for the fruits of the reformation which Mr. MACKENZIE promised on taking office. He has now occupied the position for many months and the teachers are still as stiff-necked, as obdurate, and as indifferent as ever. Worse than all, they communicate—actually have the audacity to send communications to the Education Office, complaining, perhaps, of coarseness or brusqueness towards them by some high-toned official. Squeers stood aghast when the poor lads revolted against their matutinal dose of brimstone and molasses. Why should not our Superintendent apply the birch (figuratively) to those teachers who may complain of ill-treatment and discourtesey? The enrolled scholarship is 2,301, with a daily average attendance of 1315.9, a falling off of about 80. He complains of the sharp criticism his first report met with, but we observe that he does not repeat in his present report his recommendation to abolish the high school. Perhaps the criticism cured him of that heresy. He now proposes to introduce into the high school drill instruction and to provide the lads with uniforms. The Superintendent advises the "docking" of teachers' salaries for holidays. A considerable portion of the report is occupied with recommendations as to holding examinations, which brings us again to the point that the Superintendent has not himself submitted to an examination. We are sorry the Government did not peruse the report before it went to the printer. The attacks on the teachers should not have been allowed to appear, because they offer a wholesale insult to a large, respectable and painstaking class of the community. The charges he prefers are so serious that a Parliamentary enquiry would seem to be necessary.

THE BARREN SPEECH.

"Nothing from nothing and nothing remains." The address in reply to the speech was passed by the House *nem con.* The leader of the Opposition declared that he intended to treat the document, which by courtesy was called "a speech," with silence, and immediately sat down. The Premier, who had evidently come prepared for an overhauling, which his conscience must have informed him he richly deserves, was completely taken by surprise, and rose in hot indignation to reply. After attempting a feeble joke and complaining of the "barbaric" tone of provincial journalism (to which we refer elsewhere) he sat down with an air of disappointment. Mr. FERGUSON, the new member for Cariboo made the most of nothing in a neat speech in moving the address. He gives promise of great usefulness. The speech was treated rightly. If it was not an insult to the intelligence of honorable members to place before them a paper so barren of resources it pressed very closely upon one. The Government have now no excuse for holding back their schemes—if they have any worth entertaining. Should they falter or try to "hark back" they must be spurred on to their duty by the independent members.

LICENTIOUS JOURNALISM.

Some people will say "it's the pot calling the kettle black;" others will assert that it is another case of "Satan rebuking sin." But we say that it is right and proper and the correct thing generally for the Attorney General to denounce licentious journalism and grossly personal and untruthful attacks on political opponents. In the whole course of a journalistic experience extending over thirty years we have never met with a more inoffensive, delicate-minded and considerate gentleman than the first Minister of the Crown, or one more careful to say nothing that would wound the feelings of an opponent, or damage his reputation or lower him in the eyes of his fellow-citizens. He has not sustained with the Government patronage an organ that assailed the reputation of ladies, and published a respectable house as a house of ill-fame. He would have scorned to have the support of a journal whose ribaldry has been presented by a grand jury, and condemned by a petit jury. No! No! No! Mr. Walkem is right. *He* of all men is the proper person to rebuke offences against good manners, whether they crop out as a "relic of barbarism" in a newspaper, loll upon a seat in the House, or stalk across a public platform.

The Indians.

EDITOR COLONIST.—SIR:—It may be desirable to state a few facts as a commentary on the debate on Indian affairs in the Senate, which you have reported at length in your newspaper.

(1) Except in three or four unimportant places, no water was assigned to the Indians for irrigating purposes in the interior of the country, though water is *essential* in agriculture.

(2.) The Indians known as "Oregon Jack's" and "Cornwall's"—numbering 39 men—had not a single acre of land nor an inch of water allotted for their use.

(3.) The Cook's Ferry Indians, numbering 51 men, had not more than 15 acres of cultivable land for the whole people.

(4.) The next in order down the waggon road, the Nicomen Indians, numbering 34 men, had not 5 acres of cultivable land for the whole purpose, and no water was assigned.

(5.) The 183 men of the Lytton subgroup of Indians had about 51-½ acres for each, that is to say, if water had been provided for their use, which it was not.

(6.) The 83 men of the Skuppah, Siska and Kanaka Indians, had not half an acre of cultivable land to each and no water.

I have mentioned, in the above several groups of Indians whose condition Mr. Cornwall might easily examine, but similar facts lie in all directions. Go up the Fraser, and it will be found that the Canoe Creek Indians have not more than half an acre to each man; the Dog Creek and Alkali Lake Indians, say, ¾ of an acre to each man; the Williams Lake and Chilcotin Indians have no reserves at all.

In the face of these facts, and a hundred more of the same kind which I can state, and which are known to both Governments, I think an angry debate on matters of opinion is out of place. I agree with Mr. Cornwall's general idea of an Indian policy; but he must admit that, for some reason or other, such facts as the above show that the policy he lauds has not produced its natural or expected effects.

GILBERT MALCOLM SPROAT.
April 5th, 1880.

English Mail.

[Per steamer Geo. E. Star.]

The British army on the 1st of January, 1880, is said to consist of 191,000 of all ranks, together with a reserve of army men of 16,600. Of the 191,000 men with the colors there are, it seems, 67,000 in India at this moment, and 124,000 in Great Britain Britain and the Colonies. The Colonies absorb not less than 30,000 fighting men, leaving on paper 94,000 as the standing army at home. Deducting recruits, time-expired men, invalids, and non-efficients, who are so numerous in the home forces, we doubt whether 60,000 fighting men could be mustered to-morrow within the limits of these islands.

During the trial of an action in the London Court of Common Pleas recently one of the jurors was seized with a fit. This delayed Mr. Justice Denman, who was summing up, by a search in the jury box for the hat of the ailing juror. He took occasion to remark on the absence of consideration shown for the convenience of jurors. "He had," he said, "again and again complained of the stinginess displayed by not allowing pegs upon which the jurors could hang their hats, and he dared to say that even in the new law courts that was a thing which would enter into nobody's head. He knew a learned judge who used to say that if you want a place built to suit you your only way to attain your end was never to let your architect know what your object was."

"ANY burglars in this town?" a traveller asked a villager in Western Tennessee. "Well, no—not now, stranger. There was a couple of 'em here last spring, but one night they broke into the editor's house, and starved to death before they could get out."

Millinery.

A. B. Gray & Co. beg to acknowledge the liberal patronage extended to the millinery department of Albion House, and desire to thank the public for the marked appreciation of the first-class milliner who conducts the department.

We will display on Monday, 5th April, our first Spring showing of New Millinery.

The new goods embrace many novelties in styles and materials, selected from the leading fashionable emporiums of Europe and New York.

An inspection of our Millinery Show Rooms is respectfully solicited.

A Notable Cure.

EAST ORANGE, N. J., Oct. 8th, 1877.

Some three months ago I found myself suffering with Bright's disease—Albuminuria. By the use of a reliable test I found albumen in the urine, and in some slight degree in a few instances in a coagulated state. I suffered from dropsy, particularly about the ankles, slight pains about the kidneys, a derangement of digestion, great dryness of the skin, and at times much thirst, and of course gradual failing of strength. This was about the state of things when I commenced using the Safe Kidney and Liver Cure. I took about six tablespoonfuls every day for one week, when I found all my symptoms decidedly improved, and at the end of two weeks it was difficult to detect any trace of albumen. Having imprudently taken cold I had a very slight relapse some two weeks ago, when I began again using the medicine and am now as well as ever.

"WHERE DO THEY ALL GO?" The Wheeler and Wilson Sewing Machine Works occupy an area of over seven acres and employ over 1,000 operatives. Last July their orders exceeded the capacity of the company to fill over 85,000, and to-day it is impossible to procure machines enough on this coast to supply the rapidly increasing demand. *

Morning Dispatch.

ENGLAND.

LONDON, April 4.—The *Observer* this morning says: We understand that there has been no decision whether the government shall resign at once or await an adverse vote of Parliament until the exact number of the liberal majority is ascertained. After the result of the polling on Friday became known, a special messenger was sent to Baden Baden with dispatches for the Queen. We have reason to believe that Gladstone disapproves of the arrangement suggested in various quarters that he should accept a subordinate office in the new administration. He still adheres to his intention of not resuming office, but will cordially support the recognized liberal leaders, Earl Granville and Marquis of Hartington. There has been no consultation between the liberal leaders on the subject of the Ministry.

LONDON, April 4. — Dr. Kenealy, who was defeated at Stoke upon Trent on Friday, was at the bottom of the poll. The following candidates were elected yesterday; Michael Arthur Bass, liberal for Staffordshire, succeeding S. C. Allsopp, conservative, a liberal gain; Donald Curr e, liberal for Perthshire, a Liberal gain.

LONDON, March 5. — The liberal net again is now fully 56 seats.

An election meeting was held yesterday near Astoria, in county Carlow, to support the candidature of Gray, Lord Mayor of Dublin, who in a speech stated that parcels of dynamite were found under the platform on which he then stood to blow up those wishing to vindicate the rights of Irishmen.

The Opposition has a clear working working majority in Parliament even if the Home Rulers are left out of account.

The *Times* in its leading article this morning says: We do not hesitate to predict that when the Liberal Government comes into power its policy respecting the foreign relations of the Empire will be precisely coincident with the counsels we urged upon the Beaconsfield Ministry. The *Times* has advised satisfaction of the claims of greece guarantees for the better government of christians in Armenia and other parts of Asiatic Turkey, and the withdrawal from Afghanistan as soon as a strong frontier is assured, and peace restored in Cabul.

Gladstone was elected for Midlothean by nearly 200 majority; Herbert Gladstone, liberal, was defeated in Middlesex. Lords Hamilton and Cooper, conservatives, received large majorities in Middlesex. Up to date the liberals have polled 1,157,000 votes and the conservatives 817,000, a gain of 303,000 for the Liberals, and 99,000 for the conservatives.

IRELAND.

CORK April 5.—Parnell has declared open war against William Shaw, Home Rule leader, by nominating Kettle of the Land League against Shaw and Col. Hurst for County Cork. Parnell was accompanied to the Sheriff's offices where the nomination took place by a cheering mob.

LONDON, April 5 — The *Pall Mall Gazette* says that it is estimated that the new House of Commons will consist of 317 Liberals and 271 Conservatives.

THIRD PROVINCIAL LEGISLATURE.

THIRD SESSION.

TUESDAY, April 6.

Mr. Speaker took the chair at 2 p.m.

A QUESTION OF PRIVILEGE.

Mr. Smithe said that it was a matter of notoriety that the leader of the Government had recently acted as counsel in an important arbitration case for the Dominion Government. He observed, however, that in the face of the Independence of Parliament Act the honorable gentleman still occupied his seat in the House and it occurred to him (Mr. S.) that it would be agreeable to Mr. Speaker as well as to members to hear an explanation from the Attorney General.

Hon. Mr. Walkem in reply stated that he was not at all surprised at what he had just heard from the leader of the Opposition because he and other people were only too willing to believe false reports circulated in the newspapers. For the information of the honorable gentleman who had just sat down he would remind him that the Statutes were before him, and that if, after a careful perusal of them, he discovered that he (Mr. W.) had infringed them he would be liable to a fine of $500 for every day he occupied a seat in the House after such infraction. He was able, however, to state that no fee or reward had been received by him from the Dominion Government.

DISPATCHES.

Mr. Speaker stated that during the recess he had received several dispatches, amongst which were the following:

To the Legislative Assembly of British Columbia:

Although the kind message sent by the British Columbia Legislature has been answered by telegraph in consequence of my wish that there should be no delay in the acknowledgment I desire to express again the gratification it has been to me to receive so loyal an expression of the sentiments of an assembly which represents so important a Province with the people of which I hope to become personally acquainted.

(Signed) LORNE.

Government House, Ottawa, April 18th, 1879.

OTTAWA, May 3, 1879.

SIR—With reference to your dispatch, No. 17, of the 8th March last, I have the honor to transmit to you herewith for the information of your Government a copy of a dispatch from the Hon. Secretary of State for the Colonies relative to the address to the Queen from the Legislative Assembly of the Province of British Columbia tendering a message of condolence to Her Majesty on the death of her Royal Highness the Princess Alice, Grand Duchess of Hesse, Darmstadt.

I have, &c., &c.,

T. C. AIKINS,

Secretary of State.

To the hon. the Lieut.-Governor of British Columbia:

Sir M. E. Hicks Beach to the Marquis of Lorne:

DOWNING STREET, April 10th, 1879.

MY LORD:—

I have the honor to acknowledge the receipt of your despatch No. 89 of the 25th ult., transmitting an address to the Queen from the Legislative Assembly of British Columbia tendering a message of condolence to her Majesty on the death of her Royal Highness the Princess Alice, Grand Duchess of Hesse Damstadt. I duly caused this address to be laid before the Queen, who was pleased to receive it very graciously, and I am commanded to request that you will convey to the Speaker of the Assembly her Majesty's appreciation and recognition of this expresssion of sympathy in Her bereavement.

I have, etc. etc.,

M. E. HICKS BEACH.

To the Governor-General the Right Hon. the Marquis of Lorne.

OTTAWA, Nov 27th, 1879.

SIR—I have the honor to transmit to you herewith for the information of your Government a copy of a dispatch from the Right Hon. the Secretary of State for the Colonies on the subject of the line of route of the Canadian Pacific Railway. I request that a copy of this dispatch may be communicated to the Speaker of the Legislative Assembly in accordance with Sir M. E. Hicks Beach's request.

I have, &c., &c.,

EDWARD LANGEVIN.

To His Honor the Lieut.-Governor of British Columbia:

DOWNING STREET, Oct. 29th, 1879.

MY LORD—I have the honor to acknowledge the receipt of your dispatch of the 7th inst., No. 276, transmitting an approved report of a Committee of the Privy Council confirming one of the 13th July, 1878, which defines the line of route of the Canadian Pacific Railway through British Columbia to a point on or near Burrard Inlet. I request that you will now inform the Speaker of the Legislative Assembly of British Columbia with reference to the address to the Queen, enclosed in your dispatch, No. 44, of the 24th Feby. that I deemed it inexpedient to tender any advice to her Majesty on the subject of this address until I had received full and authoritative explanations of the policy of the Dominion Government.

Your Lordship will be good enough further to inform the Speaker that I am glad to learn that the action of the Dominion Parliament during its recent session and the course since taken by the Government have [been] generally considered in British Columbia as a sufficient and satisfactory fulfilment of the obligations of the Dominion towards the Province in respect of the Canadian Pacific Railway and that I do not now propose to tender to her Majesty any specific advice on the subject or the address bearing his signature.

I have, etc., etc.

(Signed) M. E. HICKS BEACH.

An acknowledgement of the Under Secretary of State at Ottawa, on the subject of the Appeal to England relative to the Carnarvon Terms, was laid on the table; also a paper transmitting a copy of a despatch relative to the railway route in British Columbia.

On motion of the Attorney-General it was ordered that these documents be placed on the journals of the House.

THE REPLY TO THE SPEECH.

Mr. Ferguson, the recently elected member for Cariboo, on rising to move the reply to the speech from the Throne said that he had no intention of delivering a speech himself, but would merely offer a few remarks on each clause of the speech. He regretted that there had been such a serious loss in stock, but it afforded him pleasure to observe some signs of advancement and improvement in many sections of the Province. Where previously a wilderness existed prolific crops of wheat, potatoes, etc., had been garnered. Although it was said that there was no paying market for much of the agricultural produce raised it was nevertheless a fact that the farmers were getting richer year by year. In the settlement of Chilliwhack alone it came to his knowledge that 250 tons of flour had been produced last year. Referring to Cariboo, although there were no substantial signs of existing wealth just at present the district was well stocked with men full of health and energy, prepared to develop its hidden treasures. One thing he did not find in the address and he regretted it:—He observed that no allusion was made to the name of the Almighty, and he thought it wise and only right that in the transaction of public business the blessing of God should always be invoked. With regard to the railway he regretted that in the past the union of the Province with the Dominion had only been nominal instead of real and organic. The isolation of the Province from the rest of the Dominion rendered it imperative that the Pacific and Atlantic shores should be united by an iron road. He was glad, however, to see at last that the Government at Ottawa intended to commence railway construction which would assist very materially in developing the resources of the country. He hoped eventually to see a confederation, not only of the Provinces of British North America, but a confederation of all the English colonies. (Applause). Referring to the Island railway he said that he regretted no means had been provided for its construction. It was a very important work and Canada ought to fullfil her contract with respect to it. He regarded the building of the dry-dock at Esquimalt as a very essential work inasmuch as every facility should be afforded ships of all nations to enter that harbor and receive any repairs that might be necessary. He was glad to see that a new order of things was about to take place with reference to the Judges of the Supreme Court and that they would be called upon to occupy the districts assigned to them by actual residence therein. It was necessary that justice should be speedy and it was unjust that a man should be kept in prison six or eight months waiting for a trial. Not only was such a thing unjust but the Province was put to a great and unnecessary expense. He hoped that the judge to be assigned to the district of Cariboo would respect and conserve the rights of residents there. He noticed with pleasure that the funded debt of the Province had been materially decreased With reference to a dissolution of the House he hoped that no such an event would occur at the present time, because a great waste of valuable time would necessarily ensue just when many important works are about to be prosecuted. In conclusion he would state that it was not his intention to give the Government a slavish following, but a thoroughly independent, intelligent support.

Mr. McIlmoyle in seconding the reply alluded at some length to the importance of the agricultural interests of the Province and contended that the lands here were just as fertile as any under the sun. He referred to the fact that the country had had to contend with other countries fostered by a heavy protective tariff, but for all that the agricultural interests here had made satisfactory progress. He regretted that so serious a loss had taken place in stock, especially at a time when the expectations of stock-raisers were just about to be realized by an extensive market. He was glad, however, to hear that the losses were not so severe as at first reported. He considered the condition of the mines of the Province highly satisfactory and quoted figures to demonstrate the great importance of the coal deposits of the Island. Referring to the railway he pointed the necessity of actual construction to render confederation something more substantial than mere theory. He alluded to the disappointments of the past, but was glad to be able to observe a genuine effort on the part of the present Dominion Government to carry out their bargain so far as the mainland was concerned. He noticed, however, with regret that the "reasonable expectations" of British Columbia had not been realized in a fuller manner. The construction of the Island railway did not appear to have received attention in accordance with the promise of the federal government, but he knew well that unless steps were at once taken to secure the prosecution of this important work the people of British Columbia would feel very keenly disappointed. He then proceeded to review the policy of the present and past governments in connection with the dry dock and thought the present administration would be able to show, when they brought down the promised papers, that they were justified in completing the work of the cofferdam in the manner they had adopted. He considered that the country was to be congratulated on the prospect of prosperity in the very near future. (Applause.)

Mr. Smithe congratulated the hon. mover of the Address upon his manly, independent and moderate language. All regretted the removal by death of his predecessor, Mr. Evans, but it was a source of pleasure to him that the seat thus vacated had been so ably filled (hear), and having said this much he would now say that it was the intention of the Opposition to treat the document which by courtesy was called a speech, with silence (roars of laughter and cheers).

Hon. Mr. Walkem, who appeared taken by surprise at the attitude of the Opposition, was silenced ("Oh!") He said he had came prepared to be annihilated and being of diminutive stature he had almost been disposed to procure a coat-of-armor. If the Government had its failings they could be reached without a resort to blackguardism in the public prints (hear) which was a relic of barbarism and still lingered in our midst. The way to defeat a Government was not to calumniate its members—to attack their characters publicly and privately? (Hear, hear.) Such conduct was an outrage on Society and a disgrace to journalism (hear, hear). He hoped to hear no more of it from either side (hear, hear, from the Opposition). The offer of the dock to the Imperial Government by the late Government of this Province was not accepted, and the Government was now in a position to ask the House to assist them to pass a scheme that would ensure the construction of the graving dock. After paying a tribute to the memory of the late member for Cariboo the Premier sat down and the address was passed *nem con.*

The speech was then, on motion, referred to a select committee consisting of the Executive Council and the mover and seconder.

The address was taken as read and ordered to be printed.

PRIVILEGE.

Mr. Vernon called attention to the absence of returns of correspondence with the Dominion Government respecting certain Acts of this Legislature which was ordered printed by the House last session. Why had not the order been obeyed?

Mr. Walkem—Because the correspondence is not completed.

Mr. Vernen—The date is stated in the order. What was to prevent the Government from bringing down the correspondence which had taken place at that date?

Dr. Ash thought this was an extraordinary statement of the leader of the Government. The order called for correspondence that had taken place at a certain date. It was important that it should be before the House, and the statement of the Attorney-General was extraordinary and unsatisfactory.

Mr. Walkem promised that enquiry would be made why the correspondence had not been published.

Mr. Vernon said the House would like to know why certain Bills were disallowed.

Mr. Walkem again promised to look into the matter.

It was agreed to strike standing committes to-morrow.

NOTICES OF MOTION.

Mr. Smithe—On Thursday next to move for a detailed account of all monies paid by the province for criminal prosecutions during the period from April 1st 1879 to date.

Mr. Mara—For a return of correspondence between the Dominion Government and Provincial Government relating to the disallowance of the Road Toll Amendment Act 1879.

Mr. Mara—For a return of correspondence between the Government and James Uren relating to a ferry at Savona.

The Late Captain Wake.

The death, by drowning, of B. A. Wake captain, Royal Navy, occurred recently at Nanaimo, British Columbia. Deceased, who had completed his 67th year, was the son of the late Mr. Baldwin Wake, M.D., and grandson of Mr. Drury Wake, nephew of the late Sir William Wake, of Courteenhall, Northamptonshire. He was born in January, 1813, entered the Navy in 1827 as a first-class volunteer on board the Espoir, and was employed for some time at the Cape of Good Hope. He afterwards joined the Falcon on the West India station, and subsequently served on the Forester, and also the San Josef and the Racehorse. On his promotion to a lieutenancy in 1837 he joined the Melville, bearing the flag of Sir Peter Halkett, the Commander-in-Chief on the North America and West India station. He was promoted to the rank of commander in 1849, and became a captain on the Retired List in 1866. The gallant officer was several times instrumental in saving life at sea, and his heroic conduct on those occasions was acknowledged by the Royal Humane Society and the Royal Shipwreck Institution.—*London Times.*

Entirely Recovered.

NEW YORK CITY, June 16th, 1879.

H. H. WARNER & CO.—GENTLEMEN:—I hereby certify that my wife has been using Warner's Safe Kidney and Liver Cure for Bright's Disease, and she is now entirely recovered. When all physicians' remedies failed she was induced to try your remedy, and received beneficial results from the first bottle. After taking four bottles she was entirely cured. Yours truly,

3 ROBERT V. FITZGERALD.

CHANGE OF LOCATION. — The flagstaff which for years past stood on the corner of Government and Broughton streets in front of the old City Council chambers was removed yesterday to the more aristocratic vicinity of the new City Hall on Pandora street, where it will continue to bend to the flag that has braved the battle and the breeze for we forget how many years past. The staff, which is 97 feet in length, was successfully removed by Mr. Ross, an employé of the Telegraph Company.

PICKED UP.—About a month ago when the American bark Penang was in Royal Roads she was struck by a severe gale, during the prevalence of which she slipped an anchor and some 70 fathoms of cable. Yesterday the steamer Woodside having ascertained the exact locality of the lost cable, went to work with her ground tackle and having recovered the anchor and its appendage placed them safely on board the Penang. It is stated that she made $150 for her day's work.

THE steamer Cariboo-Fly left at 7 a. m. yesterday for Fanaimo and way ports with the mails and the following passengers: Mrs. Dougan, Mrs. Pawson, Mrs. Bunting Mrs. Shillitoe, Mrs. Strapp, Miss Woods, Mrs. Hays, J. Pawson, A. Gilmore, Maxwell, K. Clarke and Heath.

REPORT ON THE MINES.—This document deals with the mineral resources of the country. A lot of interesting statistics are published, for which, however, we have not room to-day.

NOTICE TO STOCKRAISERS.—That T. W. Carter's Stallion Wellington, will make this season as previously. Terms $15 for three months, or $20 to insure. Mares pastured at $3 per month. *

MARINE. — The steamer Alexander passed down last night having in tow the barkentine Malay, bound from Departure Bay for San Francisco with a cargo of Wellington coal.

DURING THIS MONTH a discount of 10 per cent. will be allowed on all cash purchases of $1 and upwards.

The entire revenue for the six months ending 31st December, 1879, was $180,-274.20, which includes the Dominion Government subsidy of $104,046.48. The total expenditure for the same period was $183,601.97, leaving a deficit of only $3,427.77.

It is interesting to observe how this result was obtained. By cutting down the appropriations for roads, streets and bridges to a mere fraction of the amounts voted. For instance, New Westminster district, with a population of 4,500, a voting list of 757, and a revenue of about $30,000, received only $760.83. Cariboo district got only $1,893; and several other districts are similarly treated. The surveys cost only $56. We append the expenditure for roads, streets and bridges in the various districts for the six months prior to January 1st, 1880:

Victoria City	$ 225 00

Lillooet District	182
Nanaimo District	538
Kootenay District	33
Comox District	109
Total in all Districts	4,458

Of this number 2,343 are registered on the Island, and 2,115 on the Mainland. Glancing through the lists we are struck with the large number of absentees and deceased persons whose names appear thereon. To prevent fraud by false personation more frequent registration would appear to be necessary, and an Act providing for it should be passed this Session.

INCENDIARISM.—At twenty minutes to two o'clock yesterday morning, Mr. G. Winter whilst driving along Cook street observed flames licking the side of an unoccupied cottage recently erected on the corner of Fort and Cook streets by Mr. J. Bennett. He immediately drove into town and having caused a fire alarm to be sounded returned to the locality of the burning building and with the assistance of a citizen residing close by extinguished the flames before the Department arrived on the spot. An inspection of the premises disclosed the fact that the fire was undoubtedly the work of an incendiary, a quantity of wood and rubbish having been piled up under the floor of the kitchen and then ignited. At about a quarter past one o'clock yesterday morning a white man was observed to be lurking about the premises in a suspicious manner, and a short time before the fire was discovered he was seen to be making tracks up Fort street. Fortunately the damage resulting from the fire is only trifling, but had it not been for the discovery of the flames in the nick of time the building would doubtless have been entirely consumed. The building was insured in the North British Mercantile office for $1,000.

THE steamer Enterprise left at 8 a. m. yesterday for New Westminster with the mails, and the following passengers. Mrs. Hamlin, Mrs. Leiser, Mrs. McClair, Miss J. Cameron, and Messrs. Barton Hill, D. Oppenheimer, W. N. Bole, L. Humlin, H. Holbrook, Lyons, English, P. Nash, U. Ward, S. McLery, Stevens, B. H. Kirkpatrick, W. Kirkpatrick, L. Kirkpatrick, Trapp, McGirr, Barnes, Bullar, Edwards, Smith, Buck and several others.

Births, Deaths and Marriages.

The Registrar General reports that for the year ending 31st December 1878 there were 226 births, being an increase of 33; 112 of the children were males and 114 females. The birth of only one pair of twins was reported. There were 122 marriages, an increase of 27; and 104 deaths, an increase of 16. To the births column Victoria contributed 58 males and 57 females; Nanaimo, 32 males and 38 females; New Westminster, 8 males and 7 females; Yale, 6 males and 4 females; Clinton, 2 females; Lillooet, 3 males and 1 female; Cariboo, 2 males and 3 females; Kamloops, 3 males and 2 females. Of the married there were: 31 Episcopalians; 12 Presbyterians; 17 Methodists; 18 Roman Catholics; 1 Baptist; 5 where the denomination was not given, and 38 where the bride and bridegroom were of different faith; 107 of the marriages were by license; 14 by banns, and 1 by civil contract. The age of the eldest bride was 60; and the youngest 15; the age of the eldest bridegroom was 53, and of the youngest 20 years. Of the 104 deaths registered 51 occurred at Victoria, 11 at Nanaimo; 12 at New Westminster; 7 at Yale; 2 at Clinton; 1 at Lillooet; 5 at Cariboo; 5 at Cassiar, and 4 at Kamloops; 13 natives of England, 9 of Ireland, 2 of Scotland, 3 of Germany, 3 of France, 2 of Italy, 1 of Switzerland, 1 of Norway, 1 of Sweden, 5 of the United States; 2 of Mexico; 4 of Canada; 1 of British Columbia; 4 were unknown. The Registrar, in conclusion, draws attention to the imperfections of the system and hopes that the Government will introduce necessary amendments.

HALL'S VEGETABLE SICILIAN HAIR RENEWER is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores grey hair to its original color. It makes the scalp white and clean. It cures dandruff and humors and falling out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time, making only an occasional application necessary. It is recommended and used by eminent medical men, and officially indorsed by the State Assayer of Massachusetts. The popularity of Hall's Hair Renewer has increased with the test of many years, both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world. For sale by all dealers. 5dw

A RICH BLESSING to the human race, the sewing machine, as it relieves millions from drudgery, and the fact that from over 80 competitors at the Paris Exposition, 1878, the Wheeler and Wilson received the only Grand Prize, would seem to place the superiority of their machines above all others beyond question. The agency is at the White House. *

The Death-rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it, and often find too late that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had *Boschee's German Syrup* been taken a cure would have resulted, and a large bill from a Doctor been avoided. For all diseases of the Throat and Lungs, *Boschee's German Syrup* has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thomas Robinson, Farnham Centre, P. Q., writes "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P. Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horse in cases of cuts, wounds, etc., and think it is equally as good for horses as for man."—A Maybee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public "one of the best medicines ever used;" it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusaa, Township Percy, writes, "I was persuaded to try Dr. Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other.* Sold by all medicine dealers. Price 25 cents. AUCTION SALES.

GREAT LAND SALE.

MESSRS. W. R. CLARKE & CO.

Have received instructions to offer at Auction on,

Monday the 26th April next,

AT 12 O'CLOCK, NOON,

At their salesrooms, about

220 ACRES OF LAND,

Divided into blocks of from 5 to 35 acres each, and situated

ABOUT ONE MILE FROM THE CITY BOUNDARY,

Comprising the whole of Sections, 36, 37 and 38, Victoria Districts, with the exception of about 40 acres already disposed of.

The above sections are admirably adapted for villa residences or farming land.

Several pieces have been so divided that they will have a frontage of 400 feet on Mount Tolmie Road, running thence through GOOD BOTTOM LAND to the Cedar Hill Road, where they will have a like frontage, and embracing portion of a running stream of water.

A large portion of the above land is under crops, and the price that such land will bring at auction will *include said Crops.*

Hay or Roots grown upon this land are readily sold or consumed on the place in fattening cattle, as the property is situated at a most convenient distance from town, being only 2 miles from the Postoffice.

N.B.—The above bottom land will grow 2000 lbs. of wheat to the acre, which at 1¾ cts. ℔ lb is equal to $35; and in turnips or mangel-wurtzel it should *not considerably over $100* to the acre, grown, say, 15 to 20 tons, and worth from $8 to $9 per ton.

A complete plan of the above land can be seen at our auction rooms in a few days and the different blocks can be pointed out on the spot by Mr. Knight, who resides on the property.

Immediate possession will be given and a large proporton of the purchase money might remain on mortgage at low rates.

THE BEST IN THE WORLD.

EXPOSITION UNIVERSELLE DE 1878.

LE JURY INTERNATIONAL DES RECOMPENSES.

DECERNE UN GRAND PRIX.

a Messieurs WHELLER ET WILSON (Etats-Unis)

PARIS, 8th November, 1878.

I have examined the official list of awards at the Universal Exposition, as published by the French authorities, and find that only one grand prize was awarded for Sewing Machines; that was given to the Wheeler & Wilson Co., of New York.

The Grand Gold Medal and Diploma were delivered to me at the Palais de l'Industry, Oct. 21st, and by me at once given to the representative of that Company at the Exposition. (Signed) R. C. McCORMICK, Commissioner General.

"Of all the Machines we tested, the Wheeler & Wilson New Machine was the most completely successful, failing in nothing that was given it."

FRED. A. PAGET,

(One of the Centennial Judges of Sewing Machines. From his report to the English Government.)

"We do not hesitate to declare it the Best Sewing Apparatus in the World."—(Unanimous report of the Judges of American Institute.)

AWARDED THE ONLY GRAND PRIZE FOR SEWING MACHINES AT THE PARIS EXPOSITION, 1878, OVER 80 COMPETITORS.

SUPERIOR IN POINT OF	SUPERIOR IN
Speed, Durability, Precision,	Range of Work, Facility of Management,
Ease of Operations, Regularity,	Perfection of Construction,
Strength and Beauty of Stitch.	And Elegance of Finish.

THE WHEELER & WILSON No. 8 SEWING MACHINE stands to-day as the embodiment and refinement of over a quarter of a century's persistent and persevering improvements, and as a specimen of American ingenuity and skill in the adaptation of means to ends is unrivalled.

THE MACHINES (Family and Manufacturing) and samples of their work are to be seen at

THE WHITE HOUSE.

Mechanics are invited to examine these Peerless Machines before purchasing any other.

WARNER'S SAFE PILLS

Are an immediate and active stimulus for a Torpid Liver, and cure Costiveness, Dyspepsia, Biliousness, Bilious Diarrhœa, Malaria, Fever and Ague, and should be used whenever the bowels do not operate freely and regularly

Their action is gentle than that of other pills, and at the same time more effective. No other pills require such small doses for thorough work.

They have been used with great success in the English army where Malaria prevails, and are the best antidote for all kinds of Malarial Poison.

People who live or work in unhealthy places, and those of sedentary habits, should use them. Taken at bed-time, they promote rest and bring on natural evacuations the next forenoon.

They do not act directly on the bowels, but indirectly through the liver, by causing it to secrete the necessary bile, and should always be preferred to pills which operate as a violent cathartic, causing nausea and weakness.

Price, 25 cents a Box.

WARNER'S SAFE NERVINE

Quickly gives Rest and Sleep to the suffering, cures Headache and Neuralgia, prevents Epileptic Fits, and relieves Nervous Prostration brought on by excessive drink, over-work, mental shocks and other causes

Powerful as it is to stop pain and soothe disturbed nerves, it never injures the system, whether taken in small or large doses.

It often arrests the progress of serious diseases by the recuperative rest which it produces, and is beneficial in all painful diseases.

Warner's Safe Nervine is the improved discovery of the most brilliant nerve doctor of the world, and an inestimable blessing to all who suffer.

Bottles of two sizes: prices, 50 cts. and $1.00.

Warner's Safe Kidney and Liver Cure, Safe Diabetes Cure, Safe Bitters and Safe Tonic are also superior remedies, unequalled in their respective fields of disease

Warner's Safe Remedies are sold by Druggists and Medicine Dealers generally throughout the country. Send for Pamphlet and Testimonials.

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time

COME AND BE HEALED!

It matters not what you troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

P. S.—For diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of $10.00. Call or Address
